- The region ran its first regional Board Retreat at which time we seated the new board and elected the executive committee. It was an exciting two days with discussion on region structure, outreach and events. It was a great success there are plans to continue it next year.
- The Membership committee has been working hard to update our membership data. We are also in the process of creating a regional brochure and updating the website.
- The Mid-Atlantic Region will once again partner with the Jersey Access Group to produce the JAM Video Awards. Entry registration will begin later this month. This year the award ceremony will be held on May 3rd at the conference in New Brunswick, NJ
- Work progresses for the Eastern Regional Community Media Conference/Mid-Atlantic Area Power of Partners Version 3.0 to be held May 2-4, 2012, in New Brunswick, NJ.
- In order to promote the region at the upcoming Government Video Expo, the region has partnered with New Bay Media. New Bay Media has given the region a room to hold a general meeting on Nov. 30th, vendor space on the floor of the GV Expo and discounts for our members on workshops at the expo. The vendor space will be used to promote the Mid-Atlantic Region and the 2012 Eastern Regional Community Media Conference/Mid-Atlantic Area Power of Partners Version 3.0.
